

Draw on My Back

All the touch and movements in 'draw on my back' are gentle, on the back, and over clothing. Ages: 3 to 103

- Do in pairs.
- Agree on whether a letter, a word or picture will be drawn.
- With the first person sitting, the second person draws on their back with their finger.
- The first person guesses what the second person has written or drawn. You can write/draw again to help the first person guess again if needed.
- Swap turns.

It can also be fun to write the person's name on their back.

Please note:

This is done for fun. It is not competitive and you do not have to guess 'right'. Depending on age and literacy levels, the option to use a picture may be best.
